

Actividad 1

The image shows a mobile browser interface displaying the JDoodle website. The address bar shows the URL `jdoodle.com/python-program`. The page title is "Online Python 2 IDE". Below the title, there is a code editor with the following Python code:

```
1 print = ("Dime el radio:")
2 radio = int(input())
3 pi = 3.1416
4 longitud = pi * 2 * longitud
5 print = ("Longitud de la circunferencia:")
6 print = longitud
7
```

Below the code editor, the execution output is shown:

```
>>>
Dime el radio
3
Longitud de la circunferencia:
18.84
>>> |
```
